

# **BD Loops**

The Loop Experts!

## **Booth# 3057**

### **AT FENCETECH 2019**

#### **Understanding Loops**

Thursday, March 14

3:00-4:30 PM

Room 223-224

## **BD Loops Brings Hands-On Learning to FENCETECH'19**

BD Loops is looking forward to FENCETECH'19 we are eager to display the latest in loop systems. BD Loops is bringing all the tools you need to make installing loops easier, including a new cold weather sealant. See the hands-on displays that bring technical and installation concepts to life. Our most exciting expo additions this year are sure to be memorable.

**Don't have a visitor's pass?** You can visit for FREE by using Promo Code 3057 when you register for FENCETECH at <http://www.americanfenceassociation.com/fencetech-2019-registration/>

### **Come to our Loop Education Seminar:**

Brian Dickson from BD Loops will be conducting a loop education seminar that covers everything you need to know to understand loops and loop systems. Don't miss out on the opportunity to become a loop expert! This is a special seminar that focuses entirely on education. Brian Dickson will be covering loop basics, installation, troubleshooting, and everything in between. Time spent in this seminar counts for CEU's required to obtain or hold certification with the IDEA.

### **Understanding Loops**

**Thursday, March 14**

**3:00-4:30pm**

**Room 223-224**

**Stop by BD Loops booth# 3057** and check out our hands-on displays that cover a wide variety of topics including: How loops work, installation guidelines, loops in parallel and series, loop phasing, installation tips & tricks, issues with air pockets, replacing old loops, how to test loops, and more! Stop by to visit and score with our other specials:

**E-Z Detector Checker Special** – This handy tool takes the guess work out of your next gate servicing trip. The only device of its kind that can help pinpoint what is causing the problem within a loop circuit through the art of substitution. Stop by the BD Loops' booth to pick up a coupon for the E-Z Detector Checker!

**BD-Megger Special** – Megohmmeters are the only meter than can test for the most common loop issue - a nick in the insulation causing the loop to short to ground. That is why they are referred to as "Insulation Testers". Its big enough to solve your installation questions and small enough to hold in your hand. Stop by the BD Loops' booth to pick up a coupon for the BD-Megger!

**Giveaways and More** – The latest information on installation practices, tip, and tricks is not all you will find at BD Loops' booth. BD Loops will also be giving away flashlights and cable ties.

*BD Loops is a manufacturer of preformed direct burial and saw-cut inductance loops for the gate, door, and parking industries. With over 17 years in business the quality of BD Loops is unparalleled. BD Loops products are available through over 450 distributors in the U.S. and Canada. BD Loops offers 58 standard preformed loop sizes, all standard and custom loop sizes are ready to be shipped the same day. The company has several letters of recommendation testifying their professionalism and design, and is a member of the following associations: AFA, IDA, NAFCA, NOMMA, IPI, CODA, and IMSA.
