- 2" hex or 2-9/16" round output spindles available
- 3-year warranty on drive unit

About Danuser:

Established in 1910, Danuser has been family owned and operated by four generations, providing the agricultural, industrial, and rental industries with solutions for their everyday problems. Danuser has manufactured auger systems since the mid-1940's, while also being a proud producer of post drivers, concrete breakers, auger buckets, pallet forks, and a tree and post puller. Today our commitment to our customer remains to design and build products that are the benchmark of quality, reliability, and longevity. In the words of our founder K.B. Danuser, "Good enough won't do – it must be right."
