**NILES FENCE & SECURITY PRODUCTS, LLC ANNOUNCES THAT
IT IS NOW OPERATIONAL WITH THE DAILY MANUFACTURING OF A
NEW EXPANDED METAL FENCING LINE**

Niles, Ohio -- June 5, 2007 -- Niles Fence & Security Products, LLC announces that it is now operational with the daily manufacturing of a new expanded metal fencing line called SecureX. These new expanded metal security fence systems & accessories can be designed for a wide range of applications from perimeter demarcation to the highest level of security, tailor-made systems for rail, utilities, schools, retail and local authority to super security systems for airports and prisons. The two types of expanded metal Fence Systems now offered; Diamond and Infrastructure Fencing. SecureX Diamond Fencing provides a substantially more secure and cost effective alternative to palisade or chainlink fencing has easy installation and long life expectancy. It has a unique post/rail design with no protruding bolts and is suitable for public safety and security. SecureX Infrastructure Fencing is designed specifically for public and private systems and is difficult to penetrate and scale plus is competitively priced. It is designed and developed for services such as power and water supplies, public transportation, telecommunications, roads, rail, schools and for facilities that are essential for economic growth.

Niles Fence & Security Products, LLC is a division of Niles Expanded Metals & Plastics who manufactures a complete line of expanded metal, grating and fencing products for domestic and export use. Expanded metal can be made into many patterns such as; slotted, diamond, square, hexagon, circular and architectural. Different types of alloys can be used as well; aluminum, nickel, titanium, copper, galvanized, carbon steel and plastic. If a customer prefers a finish, Niles Expanded Metals will apply an anodized, galvanized, painted, plated or powder coated finish.

Niles Expanded Metals & Plastics is an ISO 9001-2000 Certified company. The company was founded in 1959 and is under the guidance of William E. Phillips, Chairman of the Board & CEO and William E. Phillips, Jr., President/COO.
